

DISNEYLAND RESORT PARIS PARTNERS WITH THE TGV EAST EUROPEAN LINE

Marne-la-Vallée, 19 avril 2006 – **Disneyland Resort Paris joins the Partners Club of the TGV East European line. In 2007 the Marne-la-Vallée/Chessy station will become the biggest TGV hub in France.**

Disneyland Resort Paris is closer than ever

Disneyland Resort Paris, the number one vacation destination in Europe, is delighted to be associated with the SNCF for the launch of the TGV East European line in June 2007. The new line will bring residents in the eastern region of France even closer to the Resort. Reims will be just 30 minutes from the Resort; Metz and Nancy 1 hour and 10 minutes; Strasbourg 2 hours and 25 minutes. With two Disney Theme Parks, seven Disney Hotels and a variety of entertainment options, Disneyland Resort Paris offers a magical experience for each and every guest.

Marne-la-Vallée/Chessy station – the biggest TGV hub in France

With the arrival of the TGV East European line, the Marne-la-Vallée/Chessy station will become the biggest hub in France and will welcome one million additional voyagers per year, including passengers in transit.

The TGV East European line represents an important asset in the development of Val d'Europe. Just 32 kilometres from Paris, the new city combines a unique vacation destination and an exceptional urban development project which is becoming the new alternative for office space in Ile-de-France.

Disneyland Resort Paris Vice President of Sales, Norbert Stiekema, commented, "We are really happy to have the new TGV East European line here. Since the opening of the Marne-la-Vallée/Chessy station in 1994, the SNCF and Disneyland Resort Paris have been working together to offer voyagers the best offers and services. Our station, which is situated at the heart of the Resort, already serves around 2 million passengers per year with 55 TGV trains, 10 Thalys trains and 2 Eurostar trains daily."
